Course Description

The course presents to the students the nature of groups, the dimensions of group process, as well as different aspects of groups, e.g. the functional elements of groups, group norms and roles, conflict and conformity, group strategies and perspectives on leadership.

Instructor

Dr James Leigh

Course Aims and Objectives

The course aims at examining how group membership affects the individual and vice versa and also looks into the ways that groups function, change and develop. Furthermore it aims at giving the students the opportunity to consider how their skills and judgment can be developed by looking at group interaction and communication.

Teaching Methods

The student is required to participate in discussion groups and to analyze case studies, as well as assuming different role-plays.
