Course Aims and Objectives

This course will examine International Law, firstly providing an introduction to the field of international law, followed by a detailed analysis of International Organizations, both governmental and non-governmental. It will provide an overview of the functions of institutions of the United Nations and the basic principles concerning the creation of statehood and recognition of states. This will be followed by an examination of important International Organizations such as the EU and the Council of Europe, along with the functioning of the International Court of Justice and of the International Court of Human Rights of the Council of Europe. Finally the course will provide a general outlook on the law of the sea.

Teaching Methods

Lectures and discussions.

Course Teaching Hours

42 hours. The course is delivered during the Fall semester in 14-weeks (3 hours/week).

Evaluation and Grading

Final Exam: 50% Assignment: 40% Class Participation: 10%
