Department	Level of Course	Language of Instruction
Social Sciences	Lower Division	English

Course Description

The course focuses on the application of sociological knowledge and skill to social issues and problems. The course is designed to expose students to the diverse settings in which sociology is practiced.

Prerequisites

SOC-101 or SOC-103

Topic Areas

1. The course will involve field trips to various agencies, community centers, businesses and other centers where sociologists use their expertise to solve social problems.
2. The students will be accompanied by one or more faculty members and have a chance to listen to the experiences of practicing sociologists.
3. Students will then be expected to write a report commenting on their experience.
